February 19th, 1917

Dr. Roscoe R. Graham,

501 Markham Street,

Toronto.

Dear Dr. Graham:

Dr. Clarke has forwarded to me your letter in which you ask him whether it would meet his approval if you were to sign up for active service overseas. He has informed me that it would not be possible to let you go at the present without interfering with our efficiency in Toronto. I think that you should give full consideration to Dr. Clarke's view in this matter, and that unless another very urgent call comes you should remain for the present. Any such call I think ought to be forwarded to us in the University or to Dr. Clarke.

Yours sincerely,

President.

280

501 MARKHAM STREET
TORONTO.

Feb. 15. 1917.

Dr. C. K. Clarke
Dean Faculty of Medicine

Dear Sir,

There appears to be at present an urgent need for medical men for active service overseas.

I am writing to ask if it would meet with your approval were I to sign up for active service overseas; as I understand members of the faculty of medicine must have consent from the board before enlisting.

Very Truly Yours.

Roscoe R. Graham
